

Tithing Worksheet

A personal worksheet to help you plan and budget your Stewardship of Treasure

God expects us all to tithe. Traditionally this has meant giving 10% of all personal income to the Church through one charity or another. Of course this percentage may be more or less than 10% depending on your circumstances. However, the vast majority of people do not approach the traditional tithe and if that describes you, then you are encouraged to take a step in that direction over time. **Our tithing goal is 5% of household income to our parish, 1% to the Annual Catholic Appeal, and 4% to other Catholic charities of our choice.** This worksheet is offered for your personal use only.

Total for St. Joseph Parish in 2017/18(current % of my/our income _____) \$ _____

Total for Annual Catholic Appeal in 2017/18(current % of my/our income _____) \$ _____
